

**AMERICA'S STUDENT
LOAN PROVIDERS**

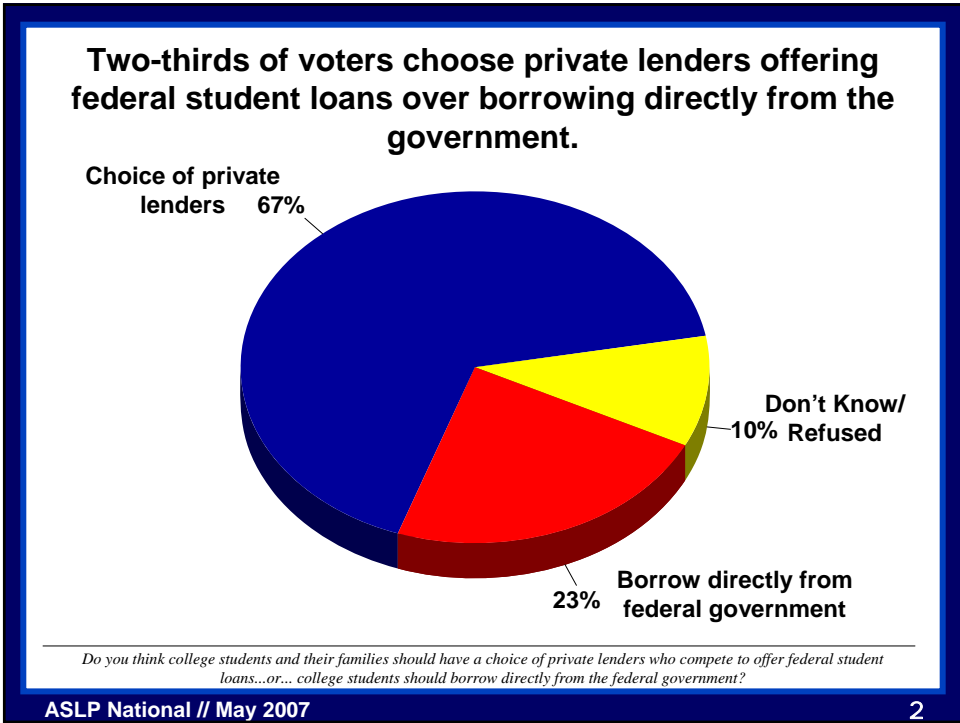

ASLP National Survey

*Data from a national survey of 800 registered voters
conducted April 17-19, 2007.*

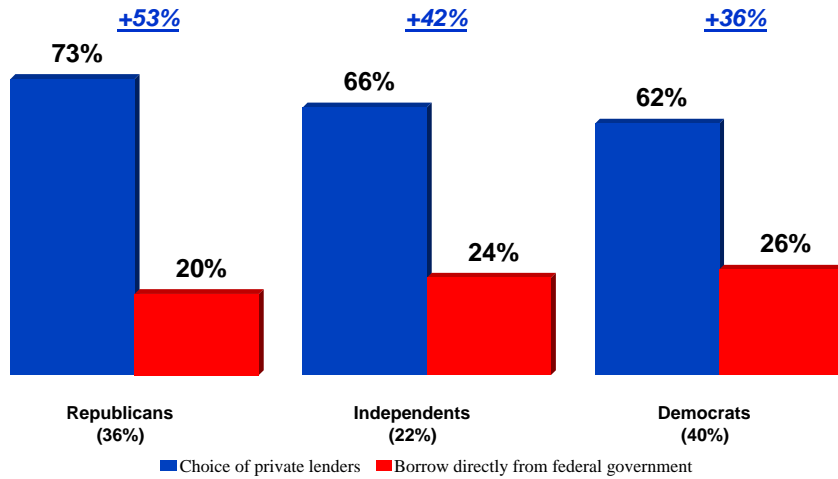

#07196

Bill McInturff, Partner
Elizabeth Harrington, Partner

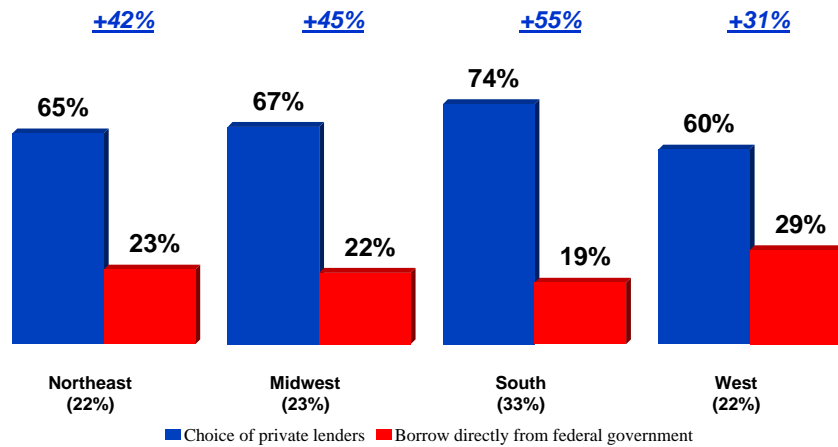

Support is strong across party lines.

Do you think college students and their families should have a choice of private lenders who compete to offer federal student loans...or... college students should borrow directly from the federal government?

Support is also strong across the country.

Do you think college students and their families should have a choice of private lenders who compete to offer federal student loans...or... college students should borrow directly from the federal government?
