GAINFUL EMPLOYMENT METRICS

90 Thousand Comments

Final Rule

- Final Rule published on June 13, 2011 –
 - Defines “gainful employment” to be when a substantial number of the GE Program’s students –
 - Are repaying their Title IV loans –
 - Repayment Rate
 - Have a reasonable debt burden –
 - Debt to Earnings Ratio.
 - Informational Rates in 2012
 - First official rates in 2013

Two Metrics

- Repayment Rate –
 - A percentage of the loan amounts that a GE Program's former students are repaying (weighted for loan balance).
- Debt to Earnings Ratio –
 - For the GE Program's completers, the average educational loan annual repayment amount as a proportion of the average borrowers' annual income.

Repayment Rate

Loan repayment rate for a program calculated annually using the following ratio:

$$\frac{\text{OOPB of LPF plus OOPB of PML}}{\text{OOPB}}$$

- OOPB = Original Outstanding Principal Balance
- LPF = Loans Paid in Full
- PML = Payments-Made Loans
- Typically includes loans in the 3rd and 4th year of repayment

Repayment Rate

- A loan is successfully being repaid if:
 - Its balance is reduced by at least \$1.00 over the course of the year or paid in full;
 - It is on track to being forgiven due to public service employment;
 - Borrower is making payments under an interest-only or income-based repayment plan, but limited to no more than 3% of the OOPB; or
 - For post-baccalaureate programs, is a consolidation loan and all interest accrued over the course of the year has been paid.

Repayment Rate

- Example:

<u>Former Student</u>	<u>OOPB</u>
Student A	\$ 2,000
Student B	3,000
Student C	5,000
Student D	10,000

- OOPB = \$20,000 (total amount for all borrowers in 2YP)
- Only student D is successful in repaying
- Repayment rate = $\$10,000 / \$20,000 = \underline{50\%}$

Repayment Rate

- For the most recent fiscal year, excludes:
 - Loans in an in-school deferment or a military-related deferment
 - Loans discharged, or pending discharge, for death or total and permanent disability

Debt-to-Earnings

Earnings Rate

$$\frac{\text{Average Annual Loan Payment Amount}}{\text{Mean or Median Annual Earnings}}$$

Discretionary Income Rate

$$\frac{\text{Average Annual Loan Payment Amount}}{\text{Mean or Median Annual Earnings less 1.5 X poverty guideline}}$$

- Typically includes students in their 3rd and 4th year after completing the program.

Debt-to-Earnings

- SSA will provide the median and mean earnings of program graduates.
 - Schools can verify the lists of individuals submitted to SSA. However, the earnings data will be subject to SSA's strict protections on individual privacy.

Debt-to-Earnings

- Calculating of the annual loan payment—
 - Uses the program's median loan debt,
 - Amortized at 6.8% over –
 - 10 years for a certificate or AA program,
 - 15 years for a baccalaureate program, or
 - 20 years for a graduate program

Debt-to-Earnings

- Exclude students --
 - With one or more loans in a military-related deferment status
 - With loans discharged, or pending discharge, for death or total and permanent disability
 - Enrolled in school

Performance Requirements

- A program must pass at least one of the three rates to be a Gainful Employment Program eligible for Title IV participation.
 - Repayment rate of at least 35%.
 - Debt-to-Earnings rate of less than
 - 12% of total earnings, or
 - 30% of discretionary income.

Performance Requirements

- A program is a failing program for a year if it does not meet ANY of the minimum standards.
- After one year's failure institution must —
 - Disclose to students and prospective students the amount by which the program did not meet the minimum standards and any plans for improvement;
 - Establish a three-day waiting period before students can enroll.

Performance Requirements

- After two years out of three as a failing program, institution must tell students that —
 - Their debts may be unaffordable;
 - The program may lose eligibility; and
 - What transfer options exist.
- If a failing program for three of four years, program loses eligibility for Federal student aid

Program Improvement

- Failing programs do not lose eligibility immediately.
- Standards help programs raise performance.
- Analysis indicates that, with the opportunities for improvement it is estimated that —
 - Eight percent of programs will fail at least once.
 - Two percent of programs will ultimately lose eligibility.

Gainful Employment Information

Final regulations published in the Federal Register on October 29, 2010, require institutions to report certain information about students who enrolled in Title IV eligible educational programs that lead to gainful employment in a recognized occupation (GE programs). Those regulations also provide that institutions must disclose to prospective students certain information about the institution's GE Programs. Finally, the new regulations require institutions to notify the Department if they wish to add an additional GE Program to its list of Title IV eligible programs. All of these requirements are effective July 1, 2011.

The Secretary published additional regulations related to the program eligibility metrics that will be calculated for gainful employment programs in the Federal Register on June 13, 2011.
