INTRODUCTION

Overview

This guide will assist financial aid administrators (FAAs) in interpreting student information from an Institutional Student Information Record (ISIR), which is an electronic record that is sent to the institution. The term ISIR refers to all processed student information records that are sent electronically to institutions by the Central Processing System (CPS).

A Student Aid Report (SAR) is the paper output document that is sent to the student. SARs and ISIRs contain the same processed student information in different formats. The SAR is explained in detail in Appendix D of this guide.

ISIRs are records sent to an institution through Electronic Data Exchange (EDE), the Department's electronic service that allows institutions to send and receive electronic data to and from the CPS and other Federal Student Aid (FSA) systems. Drafts of the 2004-2005 ISIR record layout for institutions and state agencies have been provided at conferences beginning in July 2003. The *2004-2005 EDE Technical Reference* contains all the application processing and correction record layouts in section 3. The *2004-2005 EDE Technical Reference* can be downloaded in portable document format (PDF) from the U.S. Department of Education's Federal Student Aid Download (FSAdownload) Web site located at FSAdownload.ed.gov as well as on the Information for Financial Aid Professionals (IFAP) Web site, located at ifap.ed.gov.

This *ISIR Guide* explains codes and flags that appear as FAA information on the ISIR.

Changes to the design and data elements on the 2004-2005 Free Application for Federal Student Aid (FAFSA) required corresponding changes to the ISIR; however, we made very few changes to the 2004-2005 application processing system. Information about these system changes and enhancements will be posted on the U.S. Department of Education's FSAdownload Web site located at FSAdownload.ed.gov as well as on the IFAP Web site, located at ifap.ed.gov.

Comment Code Changes

- We added comment codes 002, 007, 008, 011, 012, 014, 015, 016, 017, 019, 021, 022, 025, 027, 029, 032, 034, 035, 036, 045, 063, 073, 074, 152, and 153.

Most of the added comments are to correspond with the results of the new data match of parent identifiers with the Social Security Administration and for the new cross year data checks conducted at the CPS. The other new comments are to correspond with the added reject 12 and the new Reject G.

Comment Code Changes (Continued)

- We deleted comment codes 001, 040, 051, 258, 259, 264, 265, 268, 269, 270, and 271.

Most of the deleted comments are no longer needed because of the simplified method of NSLDS providing Loan Limit indicators. Comment 40 is deleted because the CPS will no longer process subsequent original applications. Comment 001 will no longer be provided when a duplicate SAR is processed and comment 51 is replaced with the new comments for parent SSN Match.

- We modified the text in comment codes 006, 049, 156, 157, 256, 257, 262, and 263.
- We incriminated the dates and year references in comment codes 054, 056, 070, 078, 085, 087, 095, 097, 125, 127, 128, 160, 162, 163, 173, 174, and 180.
- We updated the text in the following comments from Immigration and Naturalization Services (INS) to Department of Homeland Security (DHS). Comment codes 045, 046, 105, 109, 120, 141, 142, 143, and 144 have this name change.
- We updated the item numbers in SAR comment codes 026, 030, 033, 052, 053, 054, 056, 057, 058, 089, 094, 099, 111, 114, 129, 130, 150, 151, 154, 155, 165, 166, 167, 168, 169, and 179.
- Because of agency name changes, comment codes 191 and 207 are modified.
- We added a second phone number in comment codes 190, 197, 209, 222, 226, 232, 238, and 239.
- We deleted a phone number extension in comment code 229.

Processing Flow

The flow of information through the system remains the same in 2004-2005 as in 2003-2004.

The student starts the process by filling out a FAFSA, and this information is “processed” through the CPS and returned to the student and institution. The application information can be submitted on paper, electronically at the school through FAA Access to CPS Online, or using FAFSA on the Web, Spanish FAFSA on the Web, or Renewal FAFSA on the Web.

The charts on pages 9 and 10 show how information about a financial aid applicant flows through the system for the various types of applications and corrections. The major participants and documents or records in the application process are:

- 1) The U.S. Department of Education (ED).
- 2) The student. He or she may apply for federal student aid under the Title IV programs—Federal Pell Grant, Federal SEOG, Federal Work-Study, Federal Perkins Loan, the Federal Family Education Loan Program, and the William D. Ford Federal Direct Loan Program.
- 3) The financial aid application. There are different forms of the applications available that the student can complete and submit to apply for federal student aid. These include the paper FAFSA, paper Renewal FAFSA, paper Spanish FAFSA, FAFSA on the Web, Spanish FAFSA on the Web, or Renewal FAFSA on the Web. The application can also be filed for the student by the school via an electronic FAFSA through FAA Access to CPS Online.
- 4) The FAFSA processor. One organization will serve as the data entry processor for the 2004-2005 processing year under contract with ED. The FAFSA processor receives applications in the mail, performs document analysis to check that data are acceptable, and handles missing or unacceptable responses. The processor images the application, enters the information from the application, and transmits it electronically to the CPS.
- 5) The Central Processing System (CPS). The CPS operates under a contract with ED to receive and process application and correction information. The CPS matches student records with other databases to check eligibility. The CPS also applies a series of “compute edits” to the application information to check for inconsistencies, contradictions, and missing information. During the compute process, the CPS uses the need-analysis formula specified by law to calculate each applicant’s Expected Family Contribution (EFC).

- 6) The Institutional Student Information Record (ISIR). ISIRs are electronic records produced by the CPS that provide schools with processed application and correction information. ISIRs are sent to destination points (schools, servicers, and state agencies) daily through EDE.
- 7) The Student Aid Report (SAR) and the SAR Information Acknowledgement. These paper documents provide the student with processed application information. The CPS prints these forms and mails them directly to the address the student provided. Alternatively, some students will receive an electronic SAR e-mail.
- 8) The School. The school refers to each postsecondary educational institution that the student listed on the financial aid application. The FAA at the school will use the processed information from the ISIR (or SAR) to determine what federal student aid the applicant is eligible to receive. Schools and states may also use information from the ISIR (or SAR) to award their own financial aid.

Transactions

A “transaction” is an interaction between the CPS and the financial aid applicant, or the school acting on behalf of the applicant, that changes any of the data on the applicant’s record. Each transaction results in a new ISIR and SAR, and is identified by transaction number (*i.e.*, 01, 02, 03, and so forth). A transaction may sometimes be “system-generated.” For example, when a student’s eligibility for federal student aid changes on the National Student Loan Data System (NSLDS), the CPS will automatically reprocess the application information and generate a new transaction without additional input from the student or from a school. These system-generated transactions will be sent or “pushed” to the school in new electronic message classes.

When application data for an award year first arrive at the CPS and are processed, the resulting report is called the “01” transaction. The student receives a SAR, electronic SAR, or SAR Information Acknowledgement and the listed schools can receive ISIRs. If corrections are necessary, the student makes these changes on the SAR, returns the SAR to the FAFSA processor, and the information is reprocessed.

Alternatively, the student can make the corrections electronically through Corrections on the Web, or a school can enter corrections electronically through FAA Access to CPS Online, even if the school did not submit the original application electronically. The corrections generate a new record that is identified as an “02” transaction.

To create a correction transaction, a change must be made to at least one data element. The change can be anything, even an address correction or the addition or change of a school. The first correction is labeled “02,” and subsequent corrections are labeled “03,” “04,” and so forth. Identifying the correct transaction is important when reporting Pell Grant payments and when requesting duplicate ISIRs or SARs.

Highlights and Assumptions

Paper System Highlights and Assumptions

Students are instructed to review information on the SAR carefully for accuracy. Items requiring special attention are “highlighted” by printing them in boldface type. Both the student and FAA need to pay careful attention to questions and responses that are highlighted.

During the edit process, the CPS applies logic in comparing two or more pieces of information provided by the student. The CPS highlights information that is conflicting, missing, or contradictory. Items that are questioned are highlighted on the SAR.

In certain instances, the application is rejected because of a conflict. For example, an independent student answers that he or she is not married but provides financial information for a spouse. The CPS will reject this application (Reject 11) and print the questioned items in boldface type on the SAR. The CPS will not calculate an EFC, because key financial information is conflicting.

In other situations, the CPS makes an “assumption” and does not reject the student’s record. For example, a student reports that he or she is married and provides spouse’s income, but reports only one person in the household. In this case, the CPS assumes there are two persons in the household, highlights both questions and responses on the SAR, and calculates an EFC as long as the record is not rejected for other reasons. Both the reported and the assumed values are printed, with the word “ASSUMED” in parentheses next to the assumed response that was used in the EFC calculation.

The CPS most often makes assumptions when questions are left blank. Once an answer is assumed, the assumed information is used throughout all the subsequent edits and in the EFC calculation.

If the CPS makes an assumption, but then rejects the record for other reasons, an EFC is not calculated and the assumed values are not used. In this situation, the student receives a SAR with arrows printed next to the questionable line items. The student is then required to correct them.

Electronic System Highlights and Assumptions

All FSA application software that is used to submit application data contains certain edits that prompt users to resolve inconsistencies before sending the information to the CPS. These edits are contained in the FAA Access to CPS Online, FAFSA on the Web, Spanish FAFSA on the Web, Renewal FAFSA on the Web, and Corrections on the Web applications. When inconsistencies or missing data would cause the record to be rejected at the CPS, the software does not allow the record to be completed or transmitted until information is changed or added. However, when these inconsistencies would cause an assumption, the user is prompted to review and change the data, but will be allowed to transmit the record even if a change is not made. The ISIR that a school receives will include a flag for each highlighted field and will have an “h,” for highlight, next to the items on which assumptions were made on the printed ISIR.

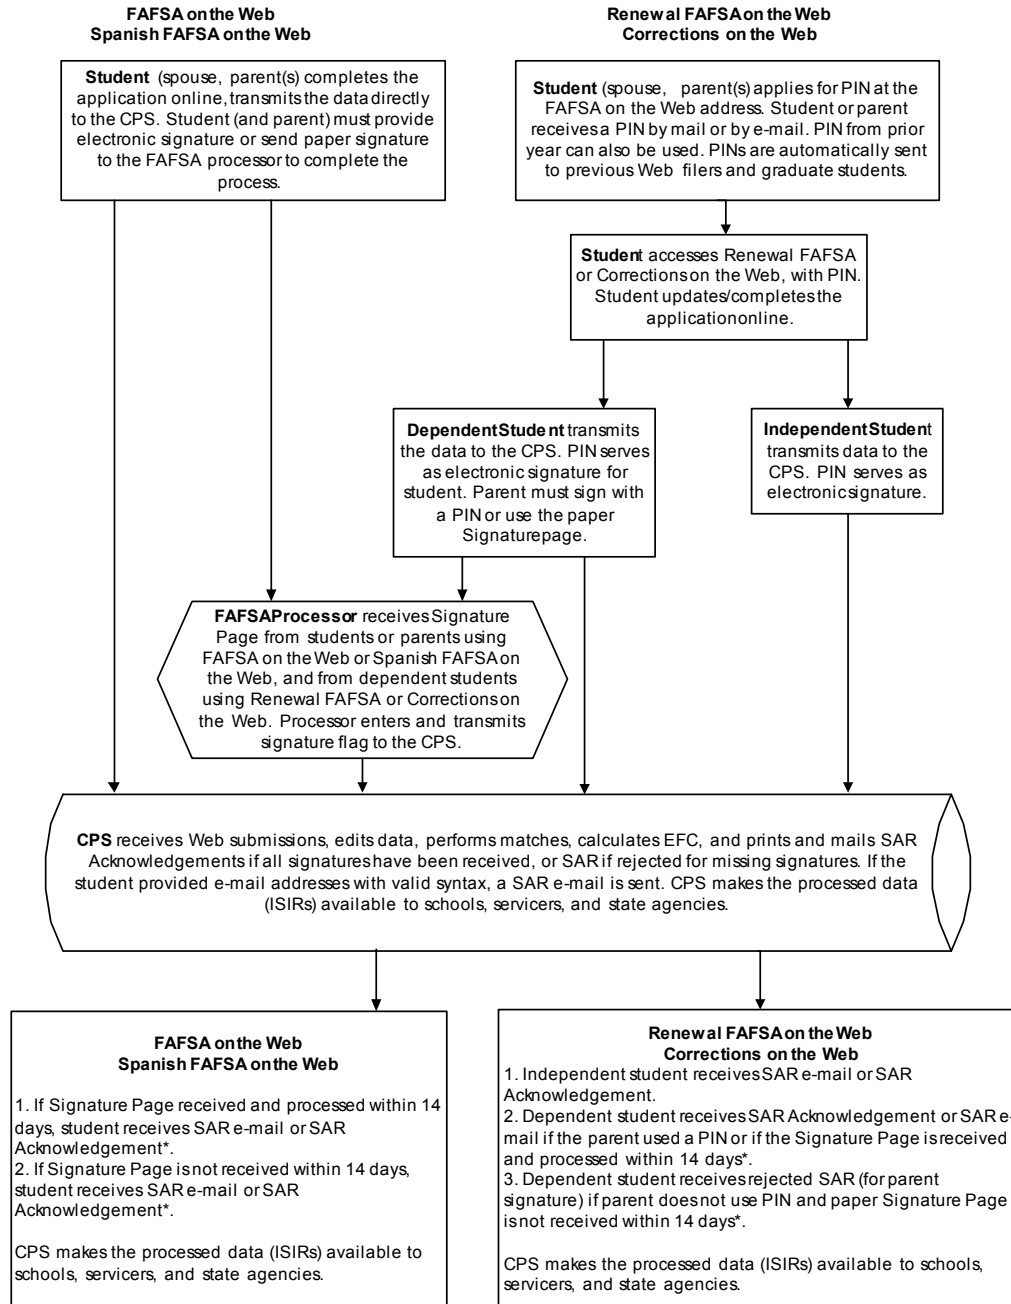

An FAA can override certain assumptions that would be made at the CPS using FAA Access to CPS Online. When an FAA sets an override code on an electronic application, the CPS accepts the data as reported and does not make an assumption about that item. For example, if a student indicates more than six family members are attending college, the CPS would assume “one” person in college during processing. If, in fact, there are more than six family members attending college, the FAA can eliminate the need for a correction by setting the appropriate override flag using FAA Access to CPS Online.

In addition, FAA Access to CPS Online allows the FAA to override certain “verifiable rejects” by setting a reject override flag before transmitting the student’s application. For example, a student may have an unusually large number of family members. If the FAA sets the appropriate override flag before sending the student’s record, the student’s record will not be rejected. Students who are using FAFSA on the Web, Spanish FAFSA on the Web, Corrections on the Web, or Renewal FAFSA on the Web will be able to set the assumption and reject overrides described above by confirming the data that they have entered.

* If the student provided an e-mail address with valid syntax a SAR e-mail is sent to the student rather than a paper SAR Acknowledgement or SAR.

ISIR DATA

Overview

Schools can receive ISIRs for all students who listed their institution on their paper FAFSA, paper Spanish FAFSA, paper Renewal FAFSA, FAFSA on the Web, Spanish FAFSA on the Web, Renewal FAFSA on the Web, Corrections on the Web, or SAR. More than 7,000 postsecondary institutions participate in some aspect of EDE. These institutions can send application and correction data from the school or through a servicer (either one is called a “destination point”) and receive processed student records (ISIRs) at the destination point.

Beginning with the 2004-2005 processing cycle, you can access your ISIRs from the ISIR Datamart which is the centralized location and storage space for all ISIR data generated by the CPS. Schools, state agencies, and other authorized users receive ISIR distributions from the datamart through the SAIG. For more information on the ISIR Datamart please refer to the *School Electronic Process Guide* which is located on the U.S. Department of Education’s Federal Student Aid download Web site, located at FSAdownload.ed.gov.

Appendix G contains an example print format for the ISIR. Student and FAA information prints out on two pages, with an additional page for NSLDS Financial Aid History. Schools do not need to print hardcopy ISIRs; however, in this guide we will use the print format as a tool to discuss the codes that appear on the ISIR record.

The student’s processed application information appears on the printout of an electronic ISIR from EDEExpress in a two-column, two-page format with an abbreviated version of each FAFSA question on the left and the student’s response on the right. Information is divided into sections like the FAFSA sections, e.g., Step One: The Student. Questions are not numbered individually, but each section heading identifies the range of FAFSA questions included.

ISIR Office Information

In the section titled Office Information, on page 3 of the sample ISIR, the following information appears:

- DRN
- Primary EFC Type
- Secondary EFC Type
- Processed Date

- Assumption Override Codes

DRN

The student's Data Release Number (DRN) will appear in this section only for a record with an Application Data Source/Type code of 1A, 3A, 3R, 3E, or 3G; and when the school receiving the ISIR also entered the student's application or renewal application data. The DRN will not appear on an ISIR in other situations.

Source of Correction Flag

The Source of Correction Flag is a field that is set on each correction transaction and indicates what the source of the correction was.

A	Applicant
D	CPS
S	School

Federal School Code Indicator

The Federal School Code Indicator verifies the identity of the originating institution.

“Reject” and “Assumption” Override Codes

The ISIR shows which Reject Override Codes and which Assumption Override Codes were set on the transaction. These override codes allow an FAA to override certain rejects designated as “verifiable” rejects. It also allows an FAA to override certain assumptions that the CPS would make about a student’s data when the information appears to be inconsistent.

ISIR FAA Information

The FAA information section displays in one place every relevant piece of information about a student's eligibility. On the ISIR, FAA information is printed on the third page following the summary of application data and is labeled "FAA Information."

Descriptive labels are intended to help the FAA identify reject codes, match flags, intermediate values, and so forth. Using the printed ISIR format as a basis, here are identifications for the codes and flags that appear as FAA information.

Date ISIR Received

The date the ISIR record was received at your institution.

Verification Flag

The Verification Flag indicates if a student has been selected for verification on any transaction.

- Y Selected for verification
- N Not selected for verification
- * Selected for verification on a subsequent transaction

System Generated Indicator

These codes identify a system-generated transaction that was initiated by the CPS, rather than resulting from an application or correction sent to the CPS. The codes show why the CPS automatically generated a record.

- Blank Not a system-generated SAR
- A Applicant released from Drug Enforcement hold file
- I DHS Secondary Confirmation completed
- N NSLDS post-screening transaction
- Z Reprocessed transaction

ISIRs for system-generated transactions will be sent to schools in separate electronic message classes.

FAA Adjustment

This flag indicates that a transaction resulted from a professional judgement adjustment requested by an FAA.

Blank	No EFC adjustment processed
Yes	EFC adjustment processed
Failed	EFC adjustment attempted but failed

When an FAA uses professional judgement to change a data item on the ISIR, only the school that made the change will remain listed on the new ISIR transaction.

Transaction Receipt Date

The date appearing in this position is the date that the FAFSA processor or the CPS received the input information that generated the transaction. The receipt date for the first application will be a fixed date; the transaction receipt date, however, will change each time a new transaction is generated. For example, a student sends in a Renewal Application that is received by the FAFSA processor on March 13, 2004. This first transaction SAR and ISIR would have an Application Receipt Date and a Transaction Receipt Date of March 13, 2004. If the student then mails in a SAR with corrections and it is received on April 17, the 02 transaction would show an Application Receipt Date of March 13, 2004 and a Transaction Receipt Date of April 17, 2004.

Reprocessing Code

This code provides information about records that are reprocessed by the CPS for any reason. When the System Generated Flag is set to “Z,” this position will contain a two-digit number, beginning with “01” and incrementing each time a group of records is reprocessed. Check the IFAP Web site at ifap.ed.gov for announcements that will define the reason associated with a particular two-digit number.

Processed Record Type

This code indicates the type of processed record.

Blank	Original Application (from any source)
C	Correction Application
H	Correction (from any source)

CPS Pushed ISIR Flag

This flag is set to identify transactions that are automatically sent to schools. This field will contain a "Yes" for transactions automatically sent to school and a blank for transactions not automatically sent to school. Examples of transactions automatically pushed to the school included:

- EFC Change Flag is set
- SAR C Flag changes between correction and transaction being corrected
- Transaction is system-generated

Rejects Met

Up to seven reject reason codes can be printed in this position. Refer to Appendix A for the reject reason codes and the comment numbers associated with certain types of rejects.

Verification Tracking Flag

The Verification Tracking Flag identifies the priority of the criteria used by the CPS to select applicants for verification and is based on the likelihood of error. The **higher** the number in the Verification Tracking field, the higher the priority for selection by the CPS. For example, a "0112" in this field has a greater potential for significant error than a student with a "0087" in this field. If you plan to use the 30% verification limit, we recommend using this field to prioritize the applicants you choose to verify. For 2004-2005, we use a range of 0001 to 0986. New for 2004-2005, we increased this field from a 2 byte field to a 4 byte field.

Dependency Override

This flag identifies a record that resulted from an application or correction on which an FAA made a dependency override request. Initial applications allow overrides to be made in one direction only: from dependent to independent. FAA Access to CPS Online allows an FAA to cancel a previous override.

Blank	No Dependency override
Yes	FAA overrode dependency status from dependent to independent
Canceled	FAA cancelled Dependency override
Failed	FAA attempted to perform Dependency Override but failed

When an FAA performs a dependency override, only the school that submitted the override will receive the new ISIR transaction.

Correction # Applied To

This field only applies to transactions greater than 01 and indicates which prior transaction the correction was applied against. For example, if you are looking at an 03 transaction and the Correction # Applied To field is 02, that means that corrections were made against the 02 transaction to create the 03 transaction.

Application Receipt Date

This date shows the date the paper application was received by the FAFSA processor, or the date an electronic FAFSA transmission was received by the school or entered by the applicant in one of the electronic products.

Pell Eligible Flag

The Pell Grant Eligibility Flag alerts schools to an applicant's Pell Grant eligibility status. A “Y” confirms that a student’s EFC and undergraduate status makes him or her eligible for a Pell Grant, and that the record has been included in the payment system database.

Blank Not eligible for a Pell Grant

Y Eligible for a Pell Grant

If a student who is an undergraduate incorrectly reported on the FAFSA that he or she will be a graduate student or has a bachelor’s degree, this information **must** be corrected. Otherwise, he or she will be considered ineligible for a Pell Grant and the school will be unable to receive Pell funds for that student.

Primary and Secondary EFCs/Alternate EFCs

The ISIR FAA Information section contains the headings “Months,” “Primary EFC,” and “Secondary EFC.” If both a Primary and a Secondary EFC appear, it means the student qualified for the Simplified Needs Test (SNT) but also provided information about assets. Two calculations were performed, producing the Primary EFC (asset information was not included in the calculation) and the Secondary EFC (asset information was included in a full-data calculation). If only a Primary EFC appears, it means either 1) the student did not meet the SNT criteria and only the full-data calculation was done, or 2) the student met the SNT criteria and provided no asset information, or incomplete or inconsistent asset information and only one calculation could be performed.

The figures printed for each of the twelve months represent alternate EFCs that an FAA must use to award aid—other than Federal Pell Grants—for an academic year that is less than or greater than nine months. For a dependent student, the alternate EFCs are calculated by the CPS according to a formula prescribed by Congress. For the independent student, the CPS calculates a simple proration of the EFC by month for less than nine-month enrollment.

If a student meets the automatic zero EFC criteria, the CPS will not calculate an alternate EFC. For further information, please refer to the “EFC Formula Information” section of the *FSA Handbook*, located at ifap.ed.gov.

Intermediate Values

These abbreviations represent the intermediate steps used in calculating the EFC. They show the separate components of the need analysis formula, such as the “employment allowance” or “parents’ contribution from assets.” These components are defined by Congress. The values can be useful to FAAs in doing recalculations or in making professional judgement adjustments to data items.

The intermediate values are identified as follows:

TI	Total Income
ATI	Allowances Against Total Income
STX	State and Other Tax Allowance
EA	Employment Allowance
IPA	Income Protection Allowance
AI	Available Income
CAI	Contribution from Available Income (Independent Student)
DNW	Discretionary Net Worth
NW	Net Worth
APA	Education Savings and Asset Protection Allowance
PCA	Parents’ Contribution from Assets
AAI	Adjusted Available Income
TSC	Total Student’s Contribution
TPC	Total Parents’ Contribution
PC	Parents’ Contribution
STI	Student’s Total Income
SATI	Student’s Allowance Against Total Income
SIC	Dependent Student’s Income Contribution
SDNW	Student’s Discretionary Net Worth
SCA	Dependent Student's Contribution from Assets
FTI	FISAP Total Income

More information on the need analysis formula and methodology for calculating the EFC is available in the 2004-2005 *FSA Handbook: Student Eligibility*.

Auto Zero EFC Indicator

An applicant who meets certain tax filing and income criteria will qualify automatically for an EFC figure of “0.” When these criteria are met, the CPS assigns a “0” EFC and does not perform a full calculation except for Total Income, Student’s Total Income, and FISAP Total Income. Only these three intermediate values will appear in the FAA Information section.

Blank	Does not meet criteria
Yes	Student meets automatic zero EFC criteria

EFC Change Flag

This flag indicates whether the EFC has increased or decreased between a correction transaction and the transaction to which the correction was applied.

Blank	No change
Increase (1)	EFC increased
Decrease(2)	EFC decreased

SNT Flag

This flag gives information about the Simplified Needs Test (SNT), which excludes asset information from the EFC calculation. It is performed if an applicant meets certain criteria for tax filing status and income level.

Blank	No change
Y	SNT was met
N	SNT was not met or could not be determined

Duplicate SSN Flag

This flag is set to “Yes” if another record was found on the CPS database with the same SSN but a different last name.

Address Only Correction

If an address is the only change to a record, this field will be populated.

Blank	No change
1	Student's mailing address corrected
2	Student's E-mail address corrected
3	Parent's E-mail address corrected
4	More than one of the above corrected

SAR C Change Flag

If the SAR C Flag is set or removed from the previous transaction, the SAR C Change Flag will be populated with a "1".

Match Flags

These alpha or numeric codes show the results of matching the applicant record with databases containing information that can affect eligibility. A detailed discussion about the flags or codes that will appear in the FAA Information section for the SSN Match Flag, SSA Citizenship Code, DHS Match Flag, Selective Service Match Flag, Father's/Stepfather's SSN, NSLDS Match Flag, VA Match Flag, DHS Secondary Confirmation Match Flag, Selective Service Registration Flag, Mother's/Stepmother's SSN and NSLDS Results Flag can be found in Appendix B.

DHS Verification Number

The DHS Verification Number also appears under the Match Flags section of FAA Information. This is a 15-digit confirmation number that the DHS returns when a match is conducted. The FAA must use this number when paper, or manual secondary confirmation is necessary.

NSLDS Transaction Number

The NSLDS Transaction Number appears at the end of the Match Flags section. The NSLDS Trans Number is the number of the last transaction on which the student's NSLDS data changed as a signal to the FAA to review the NSLDS information on a particular transaction.

NSLDS Results Flag

The NSLDS Results Flag is also at the end of the match flag section. Each record sent to NSLDS will be returned with an NSLDS Results Flag set to one of the following values:

Blank	Record not sent to NSLDS and all NSLDS fields will be blank
1	Match was found and NSLDS data sent to CPS
2	SSN match but name or DOB did not match
3	No match found
4	Match was found but no relevant NSLDS data to send to the CPS
5	Real-time transaction not sent to NSLDS

Comment Codes

The last line in the FAA information section shows the codes for comments generated on the record that are important to the FAA. Standard comments to the student are not included here. FAAs can review the comment codes and not have to read every comment provided on the SAR to find information that may require FAA action. Up to 20 comment codes may be printed.

New in 2004-2005, the CPS will be performing cross year edits that compare data reported on the FAFSA with data reported by the applicant on their FAFSA from the previous year. Comments associated with these edits will be included in the FAA comment list and include the following comment numbers: 32, 34, 35, 36, 73, and 74.

The EDEExpress software allows comment text to be printed, if desired. All comment codes and text used in 2004-2005 are provided in the *2004-2005 SAR/ISIR Comment Codes and Text* guide, posted on both the U.S. Department of Education's Federal Student Aid Download (FSAdownload) Web site located at FSAdownload.ed.gov and the IFAP Web site at ifap.ed.gov.

NSLDS Financial Aid History

Flags (Upper Section)

The loan change flags display at the top of the Financial Aid History page next to the label. If there is a “#” to the right of the label, the flag has changed.

Overpayment Flag

The Overpayment Flag (Pell, FSEOG, or Perkins) displays:

D	Deferred
N	N/A
S	Satisfactory Payment Arrangements
W	Waived
Access NSLDS	Overpayment exists

Contact

The Contact field for each Overpayment Flag will display a school code (OPEID), ED Debt Collection Service Region code, N/A (when no overpayments exists), or “Y” if there is more than one overpayment for a specific aid type.

Discharged Loan Flag

The Discharged Loan Flag reflects the status of any loan discharged due to disability or death. If this flag contains a value other than “N”, the “C” Flag is set on the SAR/ISIR and a comment will be given.

C	Conditional discharge
D	Death
M	Multiple codes
N	None
P	Permanent discharge
R	Reaffirm

Defaulted Loans Flag

The Defaulted Loans Flag will be set when any loans exist in a defaulted status. Appendix C includes a chart for 2004-2005 loan status codes and eligibility.

Satisfactory Payment Arrangement Flag and Active Bankruptcy Flag

The Loan Satisfactory Payment Arrangement flag and Active Bankruptcy flag at the top of the Financial Aid History page will display a value of “Y” for Yes or “N” for No.

Postscreening Reason Codes

There can be up to three postscreening codes sent on the same ISIR, which helps schools identify any student whose eligibility for federal student aid may have changed subsequent to the last time a SAR/ISIR transaction was produced. To find cases where a student’s eligibility status has changed, NSLDS will scan its database on a weekly basis.

Postscreening Reason codes range from 1 to 13, 99, and Blank. This has not changed from last year. The valid value content is listed below:

Blank	Not an NSLDS postscreening transaction
01	The student entered default on a Title IV loan that was previously not in default
02	Became obligated for a new overpayment of a Title IV grant or loan
03	Cleared a previously reported Default of a Title IV loan
04	Cleared an Overpayment obligation of a previously reported Title IV grant or loan
05	Master Promissory Note status change
06	A loan was discharged
07	A loan went out of discharged status
08	Student has a loan for a closed school
09	Student has exceeded Subsidized aggregate loan limit
10	Student has exceeded Combined aggregate loan limit
11	Applicant no longer exceeds Subsidized aggregate loan limit
12	Applicant no longer exceeds Combined aggregate loan limit
13	Change in discharged loan status
99	The “Other” category

When any of these postscreening situations occur, the CPS system generates a new SAR/ISIR transaction that includes, as part of the NSLDS Financial Aid History section, the changed information. (Students, who are eligible, will receive an electronic SAR e-mail instead of a paper SAR for system-generated transactions.) These transactions include a “System-Generated” Flag of “N” (for “NSLDS”) and a special SAR/ISIR comment (comment 004) that informs the student and the school that a change in NSLDS is being reported that may affect the student’s eligibility for Title IV aid.

Postscreened ISIR transactions meet the criteria of a “pushed ISIR” and are automatically returned to the school, even if the school did not request the ISIR. Postscreening Reason Codes are included in the top section of the Financial Aid History page. If the transaction is system-generated because of postscreening, a numeric value is displayed in this field. Values 01 through 13 correspond to the situations described above, and a code of 99 is used for any other data changes that generate the transaction. Schools must act on the updated information they receive regarding a change in a student’s eligibility for Title IV aid and must ensure that a student remains eligible for payment; otherwise, the school will be liable for improperly disbursed funds.

Please note that the status changes reported on a 2004-2005 ISIR may have a bearing on eligibility for payments to the student during the 2003-2004 award year.

If the school has already disbursed funds to a student who is found ineligible, the school must contact the student to arrange for repayment. If the student has received an FFEL loan, the school must notify the lender. If the student has received a Federal Direct Loan, the school must notify the Direct Loan servicer.

Aggregate Amounts for FFEL/Direct Loans and Perkins Loan Section

This section includes information on Subsidized Loans, Unsubsidized Loans, Unallocated Consolidated Loans, and Combined Loans. The Combined amount reflects the total amount of subsidized, unsubsidized, and that portion that can not be attributed (Unallocated amounts) to either loan types the student has borrowed. New for 2004-2005, NSLDS will send amounts for FFEL Consolidation Loans, Unallocated Outstanding Principal Balance and Total amounts. NSLDS will no longer send the FFEL Consolidation Loan's Outstanding Principal Balance and Total amounts. NSLDS receives the subsidized and unsubsidized breakdown of a Direct Consolidation Loan and then allocates it appropriately in the subsidized, unsubsidized, and combined aggregate amounts. Because NSLDS does not receive similar breakdowns for FFEL Consolidated Loans, it has developed an algorithm to determine these amounts.

For purposes of calculating aggregates for Prescreening and Postscreening, NSLDS assumes that the total outstanding balance of an FFEL Consolidation Loan consists of the same ratio of subsidized and unsubsidized loans, as was the sum of the original underlying loans. That remaining portion, which can not be attributed to either the subsidized or the unsubsidized loans, will go toward the Unallocated Amounts. If NSLDS cannot identify the underlying loans for an FFEL Consolidation Loan, NSLDS will count the entire FFEL Consolidation Loan in the subsidized aggregate balance. In this instance, or when the unallocated amount is unusually high, schools will then need to calculate the actual breakdown of the FFEL Consolidation Loan to determine whether the student has actually exceeded his or her aggregate limits.

The Outstanding Principal Balance and Current Year Loan Amount for Perkins Loans are included in this section. For all Direct Loans and FFEL loans in an out-of-school status or where the loan period end date plus 90 days has passed, the Aggregate Outstanding Principal Balance amount is determined by comparing the Net Loan Amount, Disbursed Amount, and Outstanding Principal Balance.

If all three of these are greater than zero, use the one with the lowest value. If any one of these fields is equal to zero, do not use zero in the formula, use the lesser of the other two values.

For FFEL loans in an in-school or in-grace status originated up to 90 days after the loan end period date, the Aggregate Outstanding Principal Balance amount is determined as follows:

- If either Outstanding Principal Balance or Disbursed Amount is greater than zero, use the one with greater value, but do not exceed the net loan amount.
- If both are equal to zero, use zero. These are usually loans guaranteed/approved but not disbursed. Aggregate Outstanding Principal Balance formulas for Direct Loans have not changed.

For Direct Loans in an in-school status and originated up to 90 days after the loan end period date, Pending Disbursements are calculated by subtracting Total Disbursed from the Net Loan amount. For FFEL loans in an in-school status and up to 90 days after the loan end period date, Pending Disbursements are calculated by subtracting the Aggregate Outstanding Principal Balance from the Net Loan amount. If the Aggregate Outstanding Principal Balance is *greater* than the Net Loan amount, zero is used. Pending Disbursements are not calculated for any Direct or FFEL loan in an out-of-school status or after the loan period end date plus 90 days.

Also, for 2004-2005, there will be two new flags indicating the condition of borrower's loan limits. Comment codes will be generated based on the value of these new flags, Subsidized Loan Limit Flag and the Combined Loan Limit Flag. The flag values are defined with the following values:

C	Close to Limit
E	Exceeded Limit
N	Not Near Limit

Pell Payment Data Section

Pell Grant data shows current award year (2004-2005) payment information as reported by schools to Common Origination and Disbursement (COD). Information for up to three schools is displayed. This information includes the following:

- (Attending) School Code
- Transaction Number
- Scheduled Award Amount
- Award Amount
- Disbursed Amount
- Percent Scheduled Used
- As Of (the disbursement date)
- Pell Verification Flag
- EFC

A message instructing the school to access NSLDS for additional Pell Grant data will display when the student has more than three payment records for the award year.

Loan Detail Section

The information appearing for each loan in the Loan Detail section is as follows:

- Loan Type
- Net Loan Amount
- Loan Begin Date
- Loan End Date
- GA Code
- School Code
- Grade Level
- Contact
- Contact Type
- Additional Unsubsidized Loans
- Loan Type
- Capitalized Interest
- Date of Last Disbursement
- Amount of Last Disbursement
- Current Status Code
- Current Loan Status Date
- Outstanding Principal Balance
- Outstanding Principal Balance Date

If there is no information to report, “N/A” is displayed.

For a Direct Loan, when an additional Unsubsidized Loan has been awarded, one of the following reason codes will display

- P PLUS Loan denial
- H Health Profession Loan
- B Both
- N Neither

Capitalized interest will show as either “Yes” or “No”.

NSLDS will more closely monitor aggregate levels for students who return to an undergraduate program after receiving loans as a graduate student. Previously, they may have been mistakenly flagged for exceeding aggregate loan limits. Starting with 2004-2005, NSLDS will calculate the aggregate levels based on academic levels.

Quite often when consolidation loans are reported to NSLDS, it may take some time for the underlying loans to be reported by the lenders as paid in full through consolidation. As of August 2003 (with 2003-2004) and continuing with 2004-2005, NSLDS takes into consideration the age of the FFEL Consolidation loans (CL loan types) when calculating aggregate Outstanding Principal Balances. If the FFEL Consolidation loan is within 60 days of the current date and all the underlying loans have an open loan status code and are not one of the following loan status codes: PC, PN, DN, PF or DP, NSLDS will not calculate an aggregate Outstanding Principal Balance. This should decrease the occurrences of double counting and inflated aggregate amounts that may have contributed to exceeding the aggregate loan limits. Along with this change, NSLDS expanded its definition of the underlying loans. An underlying loan is a loan associated with a consolidated loan with a PC, PN, DN, PF or DP Loan Status Code, and the Loan Status Date of the underlying loan is within 210 days (before or after) of the consolidated loan date.

The Loan Detail section continues to display up to six open loans (including Perkins Loans). New for 2004-2005 will be the order in which the six loans will be sorted and displayed. The loans are chosen with regard to their current loan status and categorized into different groups:

- Group 1 includes loans in a defaulted or deceased status making the student ineligible for aid.
- Group 2 includes loans where a school may have to take action; this includes loans in an abandoned, disability, active bankruptcy, or temporary uninsured status.
- Group 3 are loans in an open status not included in groups 1 and 2.
- Group 4 includes closed loans; those not included in groups 1, 2, and 3.

Within each group, the sort order will be by descending “Loan Begin Date” with the highest Outstanding Principal Balance sorted first for loans with the same loan begin date. In the end, those loans selected will be from group 1 first, group 2 second, followed by those in groups 3 and 4. Loan status codes and their groupings are identified in Appendix C. If there are more than six loans on the database, a message to “Access NSLDS” for additional information will be displayed. The Web site, nslidsfap.ed.gov, will display this loan information.

A “Contact Type” is included for each loan. The contents of the Contact Type field will be:

SCH	School
LEN	Lender
DLS	Direct Loan Servicer
EDR	ED Region
GA	Guaranty Agency
N/A	Not applicable

Information about whom to contact for each loan in a default status will be included in the comment text.

MPN Information Section

“MPN Information” is located at the end of the Loan Detail section. The Direct Loan Subsidized/Unsubsidized MPN will identify whether a student has a Master Promissory Note for Subsidized and/or Unsubsidized Direct Loans on file at COD. The Direct Loan PLUS MPN will identify if there is an MPN on file at COD for PLUS loans. Both MPN indicators will identify the MPN as Active, Inactive, Closed, or None (No MPN on File). The Unavailable “U” indicator was removed for 2004-2005.

Additional ISIR Data

In addition to the information described above that is printed on the hardcopy ISIR, we will explain two ISIR fields not printed on the EDEXpress ISIR: Field Correction Flags and FAFSA Data Verify Flags.

Field Correction Flags

The ISIR record contains a Correction Flag for each field on the FAFSA/SAR. These flags are found in positions 1217 through 1336 and are set to a value of zero if the field has never been corrected. The flag is set to “1” if the field is corrected on the current transaction. A “2” indicates that the field was corrected on a previous transaction. These fields can be used to identify either the fields that were corrected on an individual transaction, or all fields that have ever been corrected by an applicant.

FAFSA Data Verify Flags

FAFSA Data Verify Flags are found on the ISIR record (positions 1457 through 1576). Each FAFSA Data Verify Flag byte corresponds to a specific SAR field and indicates fields corrected to the same value on the transaction being corrected.

If a field was verified as the same data as the transaction being corrected, the FAFSA Data Verify Flag will contain a “1”. A “0” signifies that this field was not corrected to the same value and a “2” means the CPS has asked that the field be verified.

CORRECTIONS AND UPDATES

Overview

The first steps in the application process are sending a student's application information to the CPS and receiving that student's processed application data back from the system. When data must be updated, under the limited circumstances allowed by regulation, or must be corrected, additional steps are required.

In FAA Access to CPS Online, changes (corrections or updating) can be made to any student's record regardless of whether it originally entered the system as a paper or an electronic application. Both updates and corrections are referred to as correction transactions. The electronic correction process requires that the school that inputs the new information maintain signed correction documentation.

Documentation can be a paper SAR or other documents such as tax returns, a verification worksheet, or a change-of-address form. The FAA enters the changes on the FAA Access to CPS Online screen, transmits them to the CPS, and receives an ISIR containing the new processed data. In this situation, when the input is electronic, the student receives a SAR Information Acknowledgement or a SAR e-mail if the student provided an e-mail address with valid syntax.

The SAR is a vehicle for corrections in the paper system, or for students who file using FAFSA on the Web, Spanish FAFSA on the Web, or Corrections on the Web and (1) are rejected for lack of signatures, and (2) do not have an SSN Match Flag of 4. Students may use the SAR to correct and update their application information, and mail the SAR to the FAFSA processor for data entry.

All other students receive either a SAR Acknowledgement or an electronic SAR e-mail. Using their PIN, these students should make their corrections electronically through Corrections on the Web.

After the corrections are processed, the student receives a new SAR if the corrections were made using a paper SAR, or a SAR Information Acknowledgement or an electronic SAR e-mail if the corrections were made using Corrections on the Web. In all cases, the school can receive an ISIR.

Students who meet the following criteria will receive an e-mail for accessing the electronic SAR instead of the paper SAR:

- E-mail address exists and has valid syntax, and
- SSA match equals 4.

The SAR has been designed to serve two basic purposes:

1. Notify the student of application and eligibility status;
2. Provide a means for correcting or verifying applicant data.

The SAR Information Acknowledgement is designed to notify the student of application and eligibility status. If corrections are needed, the student will use Corrections on the Web or contact the school to submit them through FAA Access to CPS Online or a mainframe system.

The electronic SAR is designed to notify the student of application and eligibility status more quickly than by either the paper SAR or the SAR Acknowledgement. It enables the student to view the SAR online and to print the online SAR document as often as needed. It also links the student directly to Corrections on the Web for correcting or verifying the applicant data.

As mentioned previously, when corrections need to be made to data reported on the SAR Information Acknowledgement, the student may have corrections transmitted electronically through FAA Access to CPS Online at the school. Alternately, the student may request a duplicate SAR and send corrections or updates to the FAFSA processor using the SAR, or the student may make the corrections using Corrections on the Web.

SAR Corrections

For each transaction processed at the Central Processing System (CPS), an output document is sent to the applicant. This will be a paper Student Aid Report (SAR), SAR Information Acknowledgement, or an e-mail with information for accessing an electronic SAR. This section describes the paper SAR. Additional information on the paper SAR can be found in Appendix D.

Boxes with the question number and a shortened question description that corresponds to a question on the FAFSA appear on the SAR. These question boxes contain the student's response to the question. Next to, or below the question box are boxes or ovals that resemble the answer fields on the FAFSA, and allow the student to indicate or write in a corrected answer, if necessary.

Items that are highlighted (printed in boldface type) require special attention. Highlighting means the CPS identified the responses as questionable or inconsistent with other answers. The CPS may assume answers to certain questions by comparing them with other information on the application. Answers might be assumed when the question was left blank, or a positive number might be assumed when the answer to an income question was given as a negative number.

When the CPS assumes an answer, both the value reported by the applicant and the assumed value are printed on the SAR. The word "ASSUMED" will appear in parentheses with the assumed value. Assumed values are used by the CPS in performing the calculation and should always be reviewed carefully. If the assumed values are correct, the student does not need to change them on the SAR.

Fields that show assumed values or that trigger certain edits are identified on the ISIR. The fields will have an "h" printed next to the questioned item and the assumed items are designated with an asterisk (*.) The student can always correct other items, if necessary, whether or not they are highlighted.

If the record has been rejected, an arrow will print to the response field for the questioned item. This indicates that the student must provide a new answer because the original response was blank or illegible, and the item is necessary to perform an EFC calculation. The student may also correct other items, if necessary, even if they are not highlighted.

At the top of the SAR are instructions to the student explaining the meaning of the arrows, and the proper way to verify an answer, fill in an oval, or delete an answer. To verify a previously reported answer, the student must rewrite the same value in the answer fields and return the SAR.

Sometimes students are caught in a reject “loop” because they do not respond to all of the highlighted and arrowed items to turn off the reject, or because they provide new information that the edit check still considers inconsistent or questionable.

Parent Information for Independent Students

The SARs for dependent students and for independent students contain exactly the same sections and numbered items as the FAFSA. Parent information will be printed in the parent section for an independent student if the student provided it on the FAFSA, although the EFC calculation will not include parent data. Students in certain health profession programs are advised that they may have to provide parental data, because the data are required by many health profession schools to award Title VII aid. Parental data provided by independent students will not be subject to any edits, but the data will appear on the SAR and ISIR and will be carried forward on all transactions.

Parental data are always required for dependent students and will be edited and used in the EFC calculation.

Signatures for SAR Corrections

On the last page of the SAR, a message on the bottom of the page shows the address where SAR corrections should be mailed.

In the lower left corner of the same page, the student is asked to certify that any corrections made on the SAR are accurate and complete. The student must sign this statement if they choose to submit the corrections on paper. For a dependent student, one parent must also sign.

The student can also make corrections using the Web site at fafsa.ed.gov. They will not have to sign because they are supplying their PIN. When corrections are made using the Web, the parents only needs to sign or supply his/her PIN if the parental data is changed.

SAR E-mails

New for 2004-2005: CPS no longer sends a paper SAR to students with signature rejects if they provided an e-mail address with correct syntax. Instead, these students will be sent a SAR e-mail notification which will direct them back to FAFSA on the Web. From there they can access their SAR and resolve the signature issue by providing an electronic signature or by printing, signing, and mailing a paper signature page.

Reject 16 –Signatures and Certifications

SAR e-mails or paper SARs with Reject 16 are mailed to students who submitted their applications through FAFSA on the Web or Spanish FAFSA on the Web, but did *not* follow up with a signed Signature/Certification Page, or the page was incomplete and could not be processed. If the record indicates that a printer was not available to the student, the CPS processes the application immediately and mails a Reject 16 SAR. If the record indicates that a printer was available, the CPS holds the transmission for up to 14 calendar days while waiting for a Signature Page. If a signature is not received in 14 days, the CPS processes the record and sends a Reject 16 SAR. A Reject 16 SAR will not have a calculated EFC and will contain the full Certification Statement that appears on the FAFSA.

To receive an EFC calculation, the student must sign the SAR and return it to the FAFSA processor's address indicated on the SAR. The student can also make other corrections to the Reject 16 SAR at the same time, if necessary. By signing and returning the certification statement along with the application data, the student completes the application process.

Note that Reject 16 may appear with other rejects or highlighted data requiring correction or verification.

A student who has a PIN may also sign his or her record electronically on the Web as well as make other corrections using Corrections on the Web. As another option, schools may obtain the necessary documentation and submit the student signature using the FAA Access to CPS Online.

Reject 15 –Renewal FAFSA on the Web

As explained in 2004-2005 *Renewal Application Data (RAD) Process Guide*, students who receive a paper Renewal FAFSA may be able to apply using Renewal FAFSA on the Web. If the student does not have a PIN, he/she can request a PIN at the pin.ed.gov Web site. The student's address must match the address that is currently in the applicant database in order to be eligible for a PIN. With a PIN, a student may access his or her 2004-2005 Renewal FAFSA, update the data, and transmit the 2004-2005 Renewal Application over the Web.

For an independent student, the PIN serves as signature and certification, eliminating the need to print and mail a signature page to complete the application process. For a dependent student, the PIN serves as the student's signature and certification, but the parents must also provide a parent's signature, either on a Signature Page or electronically with a PIN, to complete the process.

If a printer is available, the dependent student may print out a Signature Page, obtain the parent's signature, and mail it to the processor. The transmitted application is held up to 14 days while waiting for a Signature Page. If a signature is not received in 14 days, the CPS processes the record and sends a Reject 15 SAR e-mail or paper SAR (Reject 15 is used when the parent signature is required, but missing from an application or SAR). The dependent student's parent must sign and return the Reject 15 SAR to complete the process for Renewal FAFSA on the Web.

If a printer is not available, the student will indicate this on the electronic transmission. The CPS will process the record immediately and send a Reject 15 SAR.

Reject 14

SAR e-mails or paper SARs with Reject 14 will be sent to students who submitted paper FAFSAs or SARs without a student signature or if it was sent to the FAFSA Processor before the January 1, 2004 system start up date. To receive an EFC calculation, the student must sign the SAR and return it to the FAFSA processor's address indicated on the SAR. The student can also make other corrections to the Reject 14 SAR at the same time, if necessary. By signing and returning the certification statement along with the application data, the student completes the application process.

Note that Reject 14 may appear with other rejects or highlighted data requiring correction or verification.

A student who has a PIN may sign his or her record electronically on the Web as well as make other corrections using Corrections on the Web. As another option, schools may obtain the necessary documentation and submit the student signature using the FAA Access to CPS Online.

School Code Corrections

There are a number of ways students can correct the school codes listed on their record to replace, remove, or add additional schools. On the SAR, the student can correct any of the six school code fields and the new code will be added in the position in which it was entered on the SAR. If the student chooses a position that already has a school code in it, the previous code will be replaced by the new school code. The school with the previous code that was removed will not receive ISIRs for the student. The same results will occur if the school correction is made using FAA Access to CPS Online or if the student makes the request over the telephone through the Federal Student Aid Information Center. However, if the correction is made using FAA Access to CPS Online, the processing system will not process a change that will eliminate the school that transmitted the correction from the student's record.

If the student makes a school code change by writing a letter and sending it to the FAFSA processor, only the schools listed on the letter will appear on the resulting SAR/ISIR. All of the previous schools will be deleted.

APPENDIX A – 2004-2005 REJECT CODES AND REJECT REASONS

Reject Reason Codes

Reject reason codes can be either alpha or numeric. Alpha codes indicate reject reasons that are verifiable—that is, the student can verify the questionable data by re-entering the same value, or can correct it to a different value. Numeric codes are not verifiable; the questioned data must be changed or provided. In all reject situations, the questioned information is highlighted on the Student Aid Report (SAR) and an Expected Family Contribution (EFC) is not calculated.

A “verify” action on the SAR will override a Central Processing System (CPS) edit. For example, if a student reports an exceptionally large number of family members, e.g., 20, the student's application will receive a Reject W. The student can verify the information by correcting the item to the same value and Reject W will not be triggered again.

However, if instead of verifying that 20 in the family is correct, the student changes 20 to 21, the corrected data will be subject to the same edits and will hit Reject W again.

In FAA Access to CPS Online, a Financial Aid Administrator (FAA) can override some verifiable rejects before transmitting the student's data to the CPS if the FAA knows that the reported information is correct. In FAFSA on the Web, Renewal FAFSA on the Web, and Corrections on the Web, the student can also override the reject by verifying the information they have entered.

Changes to the Reject Codes

Dependent student reject D - Father's SSN in invalid range and Reject E - Mother's SSN in invalid range are changed to warning edits.

Table of Reject Codes and How to Respond to Each

Reject codes and reasons, and their associated SAR comment codes, are listed here. If a student is rejected for more than one reason, the reject codes will appear in the FAA Information Box in priority order. The resolution for a rejected SAR is always the responsibility of the student, not the institution, and the SAR comment generated by the reject explains what action the student must take.

APPENDIX B – 2004-2005 DATABASE MATCHES AND MATCH FLAGS

Overview

As we did in 2003-2004, we are providing an expanded chart to show match flags for all the matches, the reasons associated with these match results, the number and text of the SAR/ISIR comment that is triggered, and information on what action the institution needs to take when resolution of a match problem is required.

For the NSLDS match, we have also shown the relationship between the NSLDS Match Flag and the NSLDS Results Flag.

How to Use the Chart

The information is provided for you to use as a quick reference. The *FSA Handbook: Student Eligibility* contains detailed information about student eligibility and the action needed to resolve discrepancies found in the data matches.

A flag of “C” is an indicator that institutional resolution is required. The “C” Flag will be printed on the SAR next to the EFC if any of the conditions described in the chart are met.

Note: Some of these data match results will generate a rejected record. Comments associated with a match results reject do not generate a SAR “C” code. However, a SAR “C” code could possibly be generated by another match result comment and will be printed on SARs rejected for other than match results reasons. An EFC is not provided on any rejected records.

An asterisk (*) in the “Match Flag” column of this chart indicates that a match flag value is not generated for cases that were not/could not be sent to the matching agency.

DHS Primary Verification Match

SAR C Code/Reject	Match Flag	Reason for Comment/Results	Comment Number/Text	Action Needed
	Y	Match conducted. Applicant's non-citizen eligibility confirmed by DHS.	143 Your citizenship status has been confirmed by the Department of Homeland Security (DHS) and you meet the citizenship requirements for federal student aid.	No resolution required. Do not initiate secondary confirmation unless there is conflicting information about the student's status or if you have reason to believe the status reported is incorrect. The SAR/ISIR will serve as the necessary documentation to prove the student's eligible non citizenship status.
C code	N	Match conducted. DHS did not confirm applicant's non-citizen eligibility.	144 The Department of Homeland Security (DHS) has not yet confirmed your statement that you are an eligible noncitizen. DHS will continue to check their records and we will notify you when we have received more information from them.	Resolution required. See match flag for Secondary Confirmation. DHS will conduct the Secondary Confirmation process based on applicant identifier and Primary Verification information only. The next steps will depend on results from Secondary Confirmation match results.

To be eligible to receive federal student aid, a student must be –</p> <p>(1) A U.S. citizen (or U.S. National), or</p> <p>(2) An eligible noncitizen, such as a U.S. permanent resident or a resident of certain Pacific Islands, or as determined by the Department of Education.</p>	<p>Resolution required.</p> <p>If student failed to indicate citizenship, DHS match was not conducted. However, match was still conducted with SSA to determine citizenship. If SSA Citizenship Flag indicates that the student is a U.S. Citizen, record will not be rejected. No resolution is required, but student should correct question 14 to reflect that student is U.S. Citizen/National.</p> <p>If student is an eligible non-citizen, student should correct citizenship in question 14 to indicate eligible non-citizenship status AND should provide an Alien Registration Number. Student's record will then be sent to the DHS match to determine if the student is an eligible non-citizen. Once the corrected SAR is returned, review the DHS match flag to determine student's citizenship status.</p>

DHS Primary Verification Match (continued)

SAR C Code/Reject	Match Flag	Reason for Comment/Results	Comment Number/Text	Action Needed
C code	blank*	Match not conducted. Applicant changed from eligible non-citizen to citizen or changed Alien Registration Number.	141 You changed your response to citizenship or you changed the Alien Registration Number verified with DHS. You must submit proof of your citizenship status to your Financial Aid Administrator.	Resolution required. Determine why student changed citizenship status and resolve any conflicting information. Student may need to submit proof of citizenship depending on reason for change.
C code	blank*	Match not conducted. Student did not provide Alien Registration Number or provided invalid Alien Registration Number.	142 The Department of Homeland Security (DHS) could not confirm your statement that you are an eligible non-citizen because there is a question about your Alien Registration Number. You must submit proof of your non-citizen eligibility to your school. If you fail to submit proof within 30 days, or longer if your school allows, you may not be eligible for federal student aid.	Resolution required. If student failed to provide Alien Registration Number or provided an invalid Alien Registration Number, <i>do not perform secondary confirmation</i> . Instead, help student make corrections to the SAR/ISIR and resubmit for processing. If student provides adequate information to conduct match, record will be sent back to DHS for matching. Review match flags on subsequent transactions for updated match flag.

DHS Secondary Confirmation Match

CPS waits for three compute days to receive results from Secondary Confirmation instead of processing ISIRs with results from primary verification only.

If after three days DHS does not return a response, CPS will generate the ISIR, which will show that Secondary Confirmation is still in progress.

SAR C Code/ Reject	Match Flag	Reason for Comment/ Results	Comment Number/Text	Action Needed
	P	Automated secondary confirmation in progress.	No comment	Wait at least five, but no more than 15 business days for CPS system-generated ISIR with results of automated secondary confirmation. If no response within 15 days, school must begin paper (G845) secondary confirmation.
	Y	DHS confirmed student is an eligible non-citizen.	120 This SAR has been produced because we received information from the Department of Homeland Security (DHS) regarding your citizenship status. Your citizenship status has been confirmed by the DHS and you meet the citizenship requirements for federal student aid.	No resolution required.
C Code	C	In continuance	105 This SAR has been produced because we received information from the Department of Homeland Security (DHS) regarding your citizenship status. The DHS has not yet confirmed your statement that you are an eligible noncitizen. You must submit proof of your noncitizen eligibility to your school. If you fail to submit proof to your school within 30 days, or longer if your school allows, you may not be eligible for federal student aid.	Resolution required. School is encouraged, but not required, to wait ten business days for another systems generated ISIR with updated secondary confirmation match flag before beginning mandatory paper (G845) secondary confirmation process.

DHS Secondary Confirmation Match (continued)

SAR C Code/ Reject	Match Flag	Reason for Comment/ Results	Comment Number/Text	Action Needed
C Code	N	DHS did not confirm eligibility.	046 This SAR has been produced due to information we received from the Department of Homeland Security (DHS) regarding your citizenship status. The DHS did not confirm your statement that you are an eligible noncitizen. You must submit proof of your noncitizen eligibility to your school. If you fail to submit proof within 30 days, or longer if your school allows, you may not be eligible for federal student aid.	Resolution required. You must begin paper (G845S) secondary confirmation process.
C Code	X	DHS did not confirm eligibility because additional information is needed.	109 This SAR has been produced because we received information from the Department of Homeland Security (DHS) regarding your citizenship status. The DHS did not have enough information to confirm your statement that you are an eligible noncitizen. You must contact the Financial Aid Administrator at your school to find out what information is needed. If you fail to submit the required information within 30 days, or longer if your school allows, you may not be eligible for federal student aid.	Resolution required. You must begin paper (G845) secondary confirmation process.

Note 1: Before sending copies of documentation to DHS, school should confirm that the student identifiers on the ISIR are accurate, especially Alien Registration Number and date of birth. If application data is incorrect, submit corrections to the CPS instead of paper secondary confirmation.

Note 2: In all cases, if school does not receive a response to paper secondary confirmation request in 15 days, student is eligible for aid if documentation appears to support claim of eligible non-citizen.

Social Security Administration's Citizenship Status

SAR C Code/Reject	Match Flag	Reason for Comment/Results	Comment Number/Text	Action Needed
	A or blank	Match conducted. SSA confirmed U.S. Citizenship status.	No comment.	No resolution required.
C code	B, C, D, E, F, or *	Match conducted. SSA did not confirm U.S. citizenship status.	146 The Social Security Administration (SSA) did not confirm that you are a U.S. citizen. You need to provide your school with documentation of your citizenship status before you can receive federal student aid.	Resolution required. If student is a U.S. Citizen, student should provide birth certificate, passport, or other documents that definitively prove citizenship. Voter registration cards are not adequate proof of citizenship since many localities do not require proof of citizenship. If student is an eligible non-citizen, student should correct question 14 to indicate that the student is an eligible non-citizen and question 15 to indicate a valid Alien Registration Number. If student already provided citizenship and alien registration number on the FAFSA or SAR, determine if student was sent to DHS for matching. If student was successfully matched with DHS as an eligible non-citizen, comment 146 is suppressed and no further resolution is necessary.

Drug Conviction Question #31

SARC Code/ Reject	Reason for Comment/ Results	Comment Number/Text	Action Needed
C code	Applicant left question 31 blank.	053 You left Item 31 blank. Your failure to provide an answer to this question makes you ineligible to receive Title IV federal student aid. Either indicate that you have never been convicted of possessing or selling illegal drugs or use the enclosed worksheet to determine your answer to this question. In any case, you can correct this item by calling 1-800-4-FED-AID (1-800-433-3243) or by going to www.fafsa.ed.gov . You can also use your SAR. Please understand that a drug conviction does not necessarily disqualify you from receiving student aid.	Resolution required. Applicant is not eligible for federal aid if this response is left blank. A correction to provide a response must be made by following the directions provided in the comment text.
C code	Applicant response to question 31 was "Yes (Part Year)."	054 You reported a '2' in response to Item 31. This indicates that you are ineligible for federal student aid for part of the 2004-2005 school year. Your period of ineligibility resulting from your drug-related conviction(s) ends on or after July 1, 2004 but before June 30, 2005. You should contact your FAA when your ineligibility period ends so that he or she can determine if you may receive federal funds during the 2004-2005 award year.	Resolution required. Applicant is not eligible for federal aid until ineligibility period expires between July 1, 2004 and June 30, 2005.

C code	Applicant response to question 31 was "Yes" on a paper FAFSA.	056 You reported in Item 31 that you have been convicted of an illegal drug offense. Use the enclosed worksheet to determine if your conviction(s) affect your eligibility for federal student aid. If you determine that your conviction(s) do not affect your eligibility for federal student aid, or affect it for only part of the 2004-2005 school year, you must correct Item 31 by using your SAR. You can also correct this item or get additional help with this question by calling 1-800-4-FED-AID (1-800-433-3243). YOU ARE NOT ELIGIBLE FOR FEDERAL STUDENT AID WHILE YOUR ANSWER TO ITEM 31 IS '3' . Whether or not your conviction(s) affect your eligibility for federal student aid, you may still be eligible to receive state, school, or other non-federal student aid.	Resolution required. Applicant is not eligible for federal aid. If response is incorrect, applicant should follow directions in the comment text to make a change. Applicant should not be referred to any other phone numbers at the Department of Education for resolution.

You may still be eligible to receive state, school, or other non-federal student aid. If you determine that you have incorrectly answered this question, you must correct Item 31 by using your SAR. You can also correct this item or get help with this question by calling 1-800-4-FED-AID (1-800-433-3243).	Resolution required. Applicant is not eligible for federal aid. For 2004-2005, we use a Verification Tracking Flag range of 0001 to 0986. The higher the Verification Tracking Flag number, the higher the priority for selection. Blank is valid for those records without an EFC or system-generated transactions no risk. Even though a record might have a Verification Tracking Flag, it does not necessarily mean that the student will be selected for verification by the federal processor. This is because FSA keeps the number of records selected to around the 30% maximum level.

APPENDIX D – 2004-2005 SAR AND SAR INFORMATION ACKNOWLEDGEMENT

Overview

For each transaction processed at the Central Processing System (CPS), an output document is sent to the applicant. This will be a paper Student Aid Report (SAR), SAR Information Acknowledgement, or an e-mail with information for accessing an electronic SAR. The type of document that is sent is determined by the type of record that was submitted by the applicant as follows:

Record Submitted	Output
Paper/Renewal FAFSA or SAR	SAR
FAFSA on the Web, Renewal FAFSA on the Web, or Correction on the Web	SAR Information Acknowledgement
FAFSA on the Web, Renewal FAFSA on the Web, or Correction on the Web without signatures	SAR
FAA Access to CPS Application or Correction	SAR Information Acknowledgement

Students who meet the following criteria will receive an e-mail for accessing the electronic SAR instead of the paper SAR:

- E-mail address exists and has valid syntax, and
- SSA match equals 4.

The SAR has been designed to serve two basic purposes:

1. Notify the student of application and eligibility status;
2. Provide a means for correcting or verifying applicant data.

The SAR Information Acknowledgement is designed to notify the student of application and eligibility status. If corrections are needed, the student will use Corrections on the Web or contact the school to submit them through FAA Access to CPS Online or a mainframe system.

The electronic SAR is designed to notify the student of application and eligibility status more quickly than by either the paper SAR or the SAR Acknowledgement. It enables the student to view the SAR online and to print the online SAR document as often as needed. It also links the student directly to Corrections on the Web for correcting or verifying the applicant data.

Paper SAR

All SARs will be eight-page documents. The first four pages are in a letter format and include the comment text, NSLDS information, and FAA information. The last four pages display the question responses reported by the student and provide space for making corrections. Each page of the SAR is described in detail below.

SAR–Page 1

The number appearing above the student’s name and address is a tracking number for the FAFSA Processor and the CPS, and is not used for any institutional purpose.

Printed to the right of the student’s name is the date the record was processed at the CPS. Below the processed date is the student’s Expected Family Contribution (EFC). The EFC printed on the front page of the SAR is the primary EFC, calculated for a nine-month academic year. An asterisk printed next to the EFC indicates that the student was selected for verification by the CPS. A “C” printed next to the EFC means the student has an eligibility problem that must be resolved before Title IV aid can be disbursed to the student.

The body of the letter on page 1 of the SAR is designed to help the applicant understand where he or she is in the financial aid application process as well as what roles are played in the process by the student, the Department of Education, and the school. The page is graphically displayed in three sections as follows.

- *You (the Student)*

This section describes the basic steps to be completed by the student in the application process.

The text for step 1 will vary based on whether the record is an application or a correction.

The text for step 2 will vary based on whether an EFC was calculated or the record was rejected. If an EFC was calculated, the text will read, “Now you should check your SAR information. If it is correct, you do not need to return it to us.” or “Now you should check your SAR information and resolve the issues described on page 3.” If the record was rejected, the text will read, “Now you need to check your SAR information and make the necessary corrections.” or “Now you need to check your SAR information and resolve the issues described on page 3.”

The text for step 3 will vary depending on whether the record has been selected by the CPS for verification. If so, the text will read, “Your school has the authority to request copies of certain financial documents to verify information you reported on your application.” If the record is not selected, the text will read, “You will need to verify your information if asked to do so by your school.”

- *U.S. Department of Education*

In this section, the role of the Department is summarized and the results of processing the record are indicated. The text for each of the three steps will be the same on all SARs. However, the text printed under the steps will vary based on processing results. If an EFC has been calculated, the following text will be printed: “Based on the information you have submitted, we have used the standard formula to calculate your EFC, which is XXXXX. Your school will use this number to determine what types of aid and how much you are eligible for based on your educational costs.” The student’s calculated EFC number will be inserted into this text. If the record has been rejected, the following text will be printed: “You must give us more information before we can calculate your EFC.”

- *School(s)*

The final section describes the actions taken by the school. The text printed for steps 1 and 3 will be the same on all SARs. The text for step 2 will vary depending on whether the record has been selected by the CPS for verification. If so, the text will read, “Your school has the authority to ask you to verify your information.” If the record is not selected, the text will read, “Your school(s) may ask you to verify your information.”

In the bottom left hand corner appears the student’s four-digit Data Release Number (DRN). The DRN can be used by schools to access the student’s electronic application record if they were not originally listed on the student’s application or SAR. In addition, the student can use the DRN when making a telephone request through the Federal Student Aid Information Center by calling 800/4FED AID (800/433-3243)/TTY 800/730-8913 to make two types of changes: 1) to correct data entry errors made by the FAFSA Processor or 2) to request a change of address, telephone number, or a change of institution.

On the SAR, two strings of numbers appear at the bottom of every page. The left-hand numbers are processing codes used by the FAFSA Processor and the CPS for tracking and quality-control purposes. The right-hand numbers are the student identifiers: the original Social Security Number (SSN) and first two letters of the student’s original last name, and the transaction number.

Note: If a student changes his or her SSN, or changes his or her name in the CPS, the original SSN and first two letters of the original last name will continue to be used as the student ID. The SAR fields that show the last name and the SSN, fields 1 and 8, will carry the corrected name and SSN. However, when used as an identifier, on correspondence, the student should use the original SSN and name. If the student applies in the following award year using the correct name and SSN, the records for that year will carry the correct identifiers.

SAR–Page 2

The top half of page 2 contains required information regarding the Paperwork Reduction Act, release of information to schools, and drug convictions affecting eligibility.

The FAA information section on the SAR appears on the bottom half of page 2. Descriptive labels are intended to help the FAA identify reject codes, match flags, intermediate values, and so forth. This data is similar to the FAA information provided on the ISIR, which is described in detail earlier in this guide. Note that the comment codes listed on this part of the SAR are not all comments generated for this student. Only the comment codes that do not have a corresponding flag or other indicators already provided in the FAA information section are printed in this section.

SAR–Page 3

On page 3, the specific comments that have been set during processing of the record at the CPS will be printed. These identify problem areas, such as missing information or eligibility problems, as well as give the student more detailed information and directions for getting additional help if needed.

SAR–Page 4

At the top of page 4, the codes for responding to Question 23, Type of Degree/Certificate, are provided.

The bottom half of the page will show financial aid history information for the student. This is a subset of the information received from NSLDS, included on the ISIR record, and described earlier in this guide. The information printed on the SAR includes the Aggregate Loan information for FFELP, Direct, and Perkins loans, and detail loan information for up to four loans that are in a default or discharge status.

SAR–Pages 5-8

The remaining four pages of the SAR display the information that was reported by the applicant for each question on the FAFSA/SAR. The SAR is also a vehicle for corrections in the paper system. A shortened version of each numbered item corresponding to a question on the FAFSA is displayed. Printed beneath the numbered item is the student’s response to that question. Below or to the right of each question response are boxes and ovals that resemble the answer fields on the FAFSA, and allow the student to indicate or write in a corrected answer, if necessary.

Items that are highlighted (printed in boldface type) require special attention. Highlighting means the CPS identified the responses as questionable or inconsistent with other answers. The CPS may assume answers to certain questions by comparing them with other information on the application. Answers might be assumed when the question was left blank, or a positive number might be assumed when the answer to an income question was given as a negative number.

When the CPS assumes an answer, both the value reported by the applicant and the assumed value are printed on the SAR. The word “ASSUMED” will appear in parentheses with the assumed value. Assumed values are used by the CPS in performing the calculation and should always be reviewed carefully. If the assumed values are correct, the student does not need to change them on the SAR.

The student can always correct other items, if necessary, whether or not they are highlighted.

When an applicant receives a reject, the resulting SAR will not have a calculated EFC. The SAR requires the student to correct information and return pages 5 through 8 of the SAR to the FAFSA processor for reprocessing.

When an item is questioned by the CPS, it too will be highlighted (printed in bold type) and an arrow will print in the column pointing to the response field for the questioned item. This indicates that the student must provide a new answer because the original response was blank or illegible, and the item is necessary to perform an EFC calculation. The student may also correct other items, if necessary, even if they are not highlighted.

At the top of page five are instructions to the student explaining the meaning of the arrows, and the proper way to verify an answer, fill in an oval, or to delete an answer. To verify a previously reported answer, the student must rewrite the same value in the answer fields and return the SAR.

Sometimes students are caught in a reject “loop” because they do not respond to all of the highlighted and arrowed items to turn off the reject, or because they provide new information that the edit check still considers inconsistent or questionable.

Refer to the Corrections and Updates section of this guide for more information on using the SAR to make corrections.

SAR Information Acknowledgement

The SAR Information Acknowledgement will continue to be a two-page document. The intent of this document is to allow a student to review processing results when the information was input electronically by the school or by the student using the Web. Because this type of SAR is a paper report to the student, but also an eligibility document like the correctable SAR and the ISIR, it contains information for both student and FAA.

SAR Information Acknowledgement–Page 1

Page 1 of the SAR Information Acknowledgment is in a letter format addressed to the applicant. The format of this page looks similar to the SAR letterhead. The top left of the page prints the ED seal, followed by the U.S. Department of Education letterhead, which includes the Federal Student Aid Information Center telephone number and the FAFSA on the Web internet address. The box at the top right shows the Office of Management and Budget (OMB) form-clearance number and the expiration date.

Beneath the headings appear the student’s name, address, and the date the CPS processed the transaction. The number appearing above the student’s name and address is a tracking number for the FAFSA Processor and the CPS, and is not used for any institutional purpose. Below the processed date is the student’s EFC. The student ID is at the bottom of the page.

The SAR Information Acknowledgement comments are fewer and less detailed, and generally refer the student to the FAA for assistance in making corrections or resolving problem issues.

SAR Information Acknowledgement–Page 2

The back of page one displays in condensed form every numbered question from the FAFSA and prints the answer the student gave to that question or the value the CPS assumed.

At the bottom of the page, a section headed “For Financial Aid Office Use Only” includes information and codes for FAAs. We have included here all the important match flags showing results of eligibility matches, as well as other information that an FAA would need when using the SAR Information Acknowledgement as an eligibility document. Note that all comment codes generated for the student’s ISIR are printed here regardless if an associated match flag or other indicator is also provided.

The comment text printed on the front page is a basic set of comments directed to the student, but the comment codes listed at the bottom of the section include all SAR/ISIR comments that were generated for this record.

APPENDIX G – SAMPLE ISIR

Overview

This section contains a sample of the ISIR that is printed using the EDEExpress software. Effective in 2002-2003 you were no longer required to print your Institutional Student Information Record (ISIR) output document exactly as the ED provided software, EDEExpress, prints it. You can also choose to print additional information on the ISIR. Please refer to the *EDE Technical Reference* section 5–Printing for more details.

001
Read this letter carefully and review each item on this Institutional Student Information Record (ISIR). You may submit corrections to the information by following the instructions given to you by your Financial Aid Administrator (FAA).

002
If all the information on this ISIR is correct, you may be eligible to receive a Federal Pell Grant and other federal student aid in 2004-2005. Your FAA will determine whether you meet all eligibility requirements to receive aid. The amount of aid will depend on the cost of attendance at your school, your enrollment status (full-time, three-quarter-time, half-time, or less than half-time), Congressional budget restrictions, and other factors.

003
HERE IS WHAT YOU NEED TO DO NOW: Review the information on this ISIR. If any of the information is incorrect, make corrections by following the instructions given to you by your FAA. IF ALL THE INFORMATION IS CORRECT, you do not need to submit the ISIR to the schools you listed. All schools listed will receive the information electronically.

052
As we indicated on your previous ISIR, your application has been selected for review in a process called verification. If you have not already been instructed, your school will instruct you to provide certain financial documents.

043
Your citizenship status has been confirmed by the Department of Homeland Security (DHS), and you meet the citizenship requirements for federal student aid.

089
Selective Service confirmed your registration or your exemption status.

108
Your application record was compared with the National Student Loan Data System (NSLDS). However, no financial aid history information was found for printing on your ISIR.
