

Altius Education Inc. (US)

“Altius Education helps academic institutions unlock the potential of their existing curricula by leveraging partnerships, capital, online learning capacity and marketing experience to create focused college programs serving unmet market needs. Our team has extensive experience in the formation, management and operation of for-profit, postsecondary education companies, educational technology and services businesses as well as the recruitment and retention of degree-seeking students. We also have deep postsecondary institution relationships and broad expertise in evaluating, negotiating, executing and integrating strategic transactions.”
