ARCHIVES

“The Business-Higher Education Forum (BHEF) is a non-profit membership organization of leaders from American businesses, colleges and universities, museums, and foundations. The purpose of the group is to join together to examine issues of national importance and, when appropriate, to speak with one voice by issuing reports, white papers, and policy positions, and by sponsoring roundtable discussions with elected public officials, representatives from both the corporate and the academic communities, and with the general public.

“Founded in 1978, the Forum was hosted by the American Council on Education until it became an independent organization in September 2004.”
