The place where **breaking news**, BitTorrent and copyright collide

## About

### What?

TorrentFreak is a weblog dedicated to bringing the latest news about BitTorrent and everything that is closely related to this popular filesharing protocol. We are not a news aggregator, but focus on unique and fresh stories. TorrentFreak is where news and filesharing collide. We try to be the source of all the latest breaking news in the p2p world.

### Who?

TorrentFreak was founded by Ernesto, who is also the main editor of the site. February 2007, we welcomed Enigmax to our team, together with Ernesto he is now responsible for 90% of the articles. The TorrentFreak team is completed by our CTO Ben Jones, an occasional freelance writer, and our readers.

### Bragging Rights

TorrentFreak was featured on mainstream news outlets such as CNN, The Wall Street Journal, New York Times the BBC, the Guardian and the LA Times.
