“The Council for Economic Education offers many programs promoting economic literacy in the United States and across the globe. All of the Council for Economic Education's programs fall into three core areas.”

EconomicsAmerica<sup>®</sup> is a comprehensive program which impacts and improves the quality of economic education in America's schools. EconomicsInternational<sup>®</sup>, which is supported primarily by the U.S. Department of Education, provides educational assistance to teachers in societies in transition to market economies.

EconomicsExchange<sup>®</sup> is an "economics for life" program which reaches employees in the workplace, parents, and other adults.
