Control

1 Public
2 Private

A 1987 code of 99 indicates institutions that were not in the 1987 classification universe. This file does not include institutions that were classified in 1987 but not in 1994 due to closure, merger, loss of accreditation, or other reasons.

Interim reclassification of 22 institutions

The Carnegie Foundation issued an interim reclassification of 22 institutions in January, 1997. The columns labeled "CC94+interim" and "1994+interim Class" reflect these revisions. No further interim changes will be made before the 2000 edition of the Carnegie Classification.

Definitions

Category Definitions

The following is excerpted from *A Classification of Institutions of Higher Education* edition (Carnegie 1994 Foundation), 1994, pp. xix-xxi

-The 1994 Carnegie Classification includes all colleges and universities in the United States that are degree granting and accredited by an agency recognized by the U.S. Secretary of Education

Research Universities I These institutions offer a full range of baccalaureate programs, are committed to: graduate education through the doctorate, and give high priority to research. They award 50 or more doctoral degrees¹ each year. In addition, they receive annually \$40 million or more in federal support²

Research Universities II These institutions offer a full range of baccalaureate programs, are committed to: graduate education through the doctorate, and give high priority to research. They award 50 or more doctoral degrees¹ each year. In addition, they receive annually between \$15.5 million and \$40 million in federal support²

Doctoral Universities I These institutions offer a full range of baccalaureate programs and are committed to: graduate education through the doctorate. They award at least 40 doctoral degrees¹ annually in five or more disciplines³

Doctoral Universities II These institutions offer a full range of baccalaureate programs and are committed to: graduate education through the doctorate. They award annually at least ten doctoral degrees—in three or more disciplines—or 20 or more doctoral degrees in one or more disciplines³

Master's (Comprehensive) Universities and Colleges I These institutions offer a full range of baccalaureate programs and are committed to graduate education through the master's degree. They award 40 or more master's degrees annually in three or more disciplines³

Master's (Comprehensive) Universities and Colleges II These institutions offer a full range of baccalaureate programs and are committed to graduate education through the master's degree. They award 20 or more master's degrees annually in one or more disciplines³

Baccalaureate (Liberal Arts) Colleges I These institutions are primarily undergraduate colleges with major emphasis on baccalaureate degree programs. They award 40 percent or more of their baccalaureate degrees in liberal arts fields⁴. and are restrictive in admissions

Baccalaureate Colleges II These institutions are primarily undergraduate colleges with major emphasis on: baccalaureate degree programs. They award less than 40 percent of their baccalaureate degrees in liberal arts fields⁴ or are less restrictive in admissions

Associate of Arts Colleges These institutions offer associate of arts certificate or degree programs and, with: few exceptions, offer no baccalaureate degrees⁵

Specialized Institutions These institutions offer degrees ranging from the bachelor's to the doctorate. At least: percent of the degrees awarded by these institutions are in a single discipline. Specialized institutions include 50 :*Theological seminaries, Bible colleges and other institutions offering degrees in religion* This category includes : institutions at which the primary purpose is to offer religious instruction or train members of the clergy

:*Medical schools and medical centers* These institutions award most of their professional degrees in medicine. In : some instances, their programs include other health professional schools, such as dentistry, pharmacy, or nursing

:*Other separate health profession schools* Institutions in this category award most of their degrees in such fields : as chiropractic, nursing, pharmacy, or podiatry

:*Schools of engineering and technology* The institutions in this category award at least a bachelor's degree in : programs limited almost exclusively to technical fields of study

:*Schools of business and management* The schools in this category award most of their bachelor's or graduate : degrees in business or business-related programs

:*Schools of art, music, and design* Institutions in this category award most of their bachelor's or graduate degrees : in art, music, design, architecture, or some combination of such fields

:*Schools of law* The schools included in this category award most of their degrees in law. The list includes only : institutions that are listed as separate campuses in the 1994 Higher Education Directory

Definitions

Teachers colleges Institutions in this category award most of their bachelor's or graduate degrees in education or education-related fields

Other specialized institutions Institutions in this category include graduate centers, maritime academies, military institutes, and institutions that do not fit any other classification category

Tribal colleges and universities These colleges are, with few exceptions, tribally controlled and located on reservations. They are all members of the American Indian Higher Education Consortium

Notes on Definitions

Doctoral degrees include Doctor of Education, Doctor of Juridical Science, Doctor of Public Health, and the Ph.D. in any field

Total federal obligation figures are available from the National Science Foundation's annual report called *Federal Support to Universities, Colleges, and Nonprofit Institutions*. The years used in averaging total federal obligations are 1989, 1990, and 1991

Distinct disciplines are determined by the U.S. Department of Education's *Classification of Instructional Programs*, digit series-4

The liberal arts disciplines include English language and literature, foreign languages, letters, liberal and general studies, life sciences, mathematics, philosophy and religion, physical sciences, psychology, social sciences, the visual and performing arts, area and ethnic studies, and multi- and interdisciplinary studies. The occupational and technical disciplines include agriculture, allied health, architecture, business and management, communications, conservation and natural resources, education, engineering, health sciences, home economics, law and legal studies, library and archival sciences, marketing and distribution, military sciences, protective services, public administration and services, and theology

This group includes community, junior, and technical colleges.
