

# *European Association for International Education (NL)*

“Founded in 1989, the EAIE is the acknowledged European leadership centre for expertise, networking and resources in the internationalisation of higher education.

“We are a non-profit, member-led organisation serving individuals actively involved in the internationalisation of their institutions through a combination of training, conferences and knowledge acquisition and sharing. We equip academic and non-academic professionals with best practices and workable solutions to internationalisation challenges and provide a platform for strategic exchange.”
