

Entrinsik, Inc. (US)

“entrinsik, Inc., a privately held company with a solid foundation of more than 18 years, is headquartered in Raleigh, NC. ... We developed a complete back-office product solution, SEMtek, to meet the specific needs of training and seminar providers. This flagship product has become the industry standard as a complete ERP software solution, providing infrastructure and business functionality for many of the industry's biggest players. Gaining worldwide acceptance, SEMtek allowed us to establish an international presence with customers on all but one continent.”
