Jim,

Sorry, the notes are fine and you should feel free to share as you like.

take care,

barmak

I would like to share some of your observations with others. Would it be possible for you to review the notes I made from our earlier meeting? Perhaps you could review them for accuracy and identify that you feel you would like to omit for other (political) reasons, or tell me you would prefer that I not share these with others.

Brett Lief is hosting a meeting at NCHER Wednesday. I thought it would be helpful if he had your comments.

Thanks for the help.

jim
