KCA Vivantech Offers
KRAD Training On Demand

Online, self-paced KRAD Tutorial Videos On Demand — St. Patrick's discounted rate of \$499 expires this Friday!

Don't miss your chance to take advantage of our special discounted rate of \$499 (reg. \$759)! Sign up by this Friday and save \$260 on a 30-day access pass to the all-inclusive training package, featured in a convenient online tutorial format available right at your fingertips.

Filmed by a professional production company, you'll find the training is delivered clearly and is easy to follow, allowing for efficient self-paced learning. Subtitles are available for added clarity, and we also include a Q&A guide that covers all the questions addressed in the tutorial by the instructor, which will advance your comprehension of the covered material.

The KRAD Training all-inclusive training package, offered by KCA Vivantech, provides Kuali developers the most up-to-date, crucial information on the latest KRAD framework. Whether you are currently working with the legacy Rice KNS module or have in the past, this training session will provide you with tips to make the most of KRAD's features, including the ability to build rich modern user interfaces. These sessions will also teach you how KRAD's solutions can address commonly-faced

19 March 2014

From us1.campaign-archive1.com/?u=abb12a656c9c8ca5318fbd6a8&id=ef2b0c1bca&e=539fb24c6b

technical problems and will focus on how you can quickly build UIs.
This valuable training is taught by one of the first Kualo Developers' Kualo Rice KRAD
Architect (and top expert), Jerry Neal of Indiana University.
