

Miami Dade College (US)

“Today, more than 170,000 students attend Miami Dade College, a state-supported college with eight campuses and numerous outreach centers. We are the largest institution of higher education in the United States and one of the most highly regarded colleges in the nation.

“Each of our campuses has its own distinct identity and specialties. But, they also offer a broad base of general education courses, allowing [a student] to take first-year classes at any of our campuses (except the Medical Campus)”.
