

The Andrew W. Mellon Foundation

“The Andrew W. Mellon Foundation makes grants in higher education, museums and art conservation, performing arts, population, conservation and the environment, and public affairs.”

“Within each of its programs the Foundation directs most of its grantmaking to a few areas of emphasis, in order to focus on a limited number of important objectives. Institutions and programs receiving support are often leaders in fields of Foundation activity, but may also be promising newcomers, or in a position to demonstrate new ways of overcoming obstacles to achieving program and grantee goals.”
