

National Central University, Taiwan (TW, CN)

“CU was re-established in Taiwan in 1962. The school ... gradually developed into a comprehensive university. NCU has now become Taiwan’s leading school in the fields of geophysics and space science, and was selected as one of the major research-oriented universities in 2001.”

“NCU now has seven colleges in different areas., including College of Liberal Arts, College of Science, College of Engineering, College of Management, College of Electrical Engineering and Computer Science, College of Earth Sciences, and College of Hakka Studies”
