

## *SpikeSource, Inc. (US)*

“Our mission is to make the world’s software trustworthy by providing the SpikeSource Solutions Factory™ platform. ... [It] is the industry’s most advanced and automated platform for assembling, testing, packaging, and updating software.”

“By tightly integrating with global distribution networks of strategic partners, the Solutions Factory enables independent software vendors of all sizes and in all geographies to market and sell certified solutions worldwide, at a fraction of the typical cost.”
