University of Colorado (US)

ARCHIVES

"Founded in 1876 with a campus in Boulder, the University of Colorado includes three unique campuses offering more than 300 degree programs. The University of Colorado is recognized as a national leader in teaching and research excellence."

"CU has provided generations of Coloradans with the highest quality education. We have also served the citizens of Colorado through top-ranked medical care, groundbreaking research, high-tech development, and community outreach. "
