

“The Joint Information Systems Committee (JISC) is a strategic advisory committee working on behalf of the funding bodies for further and higher education (FE and HE) in England, Scotland, Wales and Northern Ireland. It also works in partnership with the Research Councils.

“The JISC promotes the innovative application and use of information systems and information technology in FE and HE across the UK by providing vision and leadership and funding the network infrastructure, Information and Communications Technology (ICT) and information services, development projects and high quality materials for education. Its central role ensures that the uptake of new technologies and methods is cost-effective, comprehensive and well focused.”
